Customer information under the Swiss Insurance Contract Act (ICA)

The following customer information provides a concise overview of the insurer's identity and the material content of the insurance contract (Article 3 of the Swiss Insurance Contract Act – ICA). Only the insurance policy and General terms and conditions of insurance (GTC) are authoritative for the content and scope of the rights and obligations derived from the insurance contract.

Who is the insurer?

The insurer is AWP P&C S.A., Saint-Ouen (Paris), Wallisellen Branch (Switzerland), hereinafter referred to as Allianz Travel. The company headquarters are at Richtiplatz 1, 8304 Wallisellen.

Who is the policyholder?

The policyholder is the person designated as such in the insurance policy.

What risks are insured and what is the scope of the cover?

The insured risks under the respective contract, scope of the cover and the cover restrictions are set out in the insurance policy and General terms and conditions of insurance (GTC). The following is a summary of the various insurance components offered, provided for ease of understanding:

Cancellation costs

– Assumption of the cancellation costs owed by the insured person if the booked trip is cancelled as a result of serious illness, a serious accident, death or another event that is listed as insured in the GTC. If the trip starts late due to an insured event, the additional costs of the trip will be assumed and any missed part of the stay will be covered (max. up to the equivalent to the cancellation costs) instead of the benefits referred to above.

Which persons are insured?

The insured persons are in each case essentially set out in the insurance policy and the General terms and conditions of insurance (GTC).

Temporal and geographical scope of the insurance cover

The insurance cover basically applies worldwide during the insurance period. Local restrictions in the Special provisions for the insurance component as well as economic or trade sanctions or embargoes of the United Nations, the European Union, the United States of America or Switzerland that contradict the insurance cover remain reserved.

What are the main exclusions?

The following list contains only the most important insurance cover exclusions. Further exclusions are contained in the exclusionary clauses "Non-insured events and benefits" of the General terms and conditions of insurance as well as the ICA:

- An event is not insured if it has already occurred when the policy is taken out, the trip is booked or the pre-booked service begins or if its occurrence was foreseeable for the insured person when the policy was taken out, the trip was booked or the pre-booked service began.
- Events are not insured if the insured person has triggered them in the following ways:
 - abuse of alcohol, drugs or medicines;
 - suicide or attempted suicide;
 - participation in strikes or unrest;
 - participation in races, training sessions or other types of driving on race or training tracks;
 - participation in hazardous activities whereby the insured person knowingly exposes himself or herself to danger, such as diving to depths of more than 40 m, canyoning, bungee jumping or paragliding as well as climbing, mountaineering, mountain tours at altitudes of 5,000 m or higher or participation in expeditions etc.;
 - negligent or premeditated actions/or failure to act;
 - committing or attempting to commit crimes or offences.
- The following events and their consequences are not insured: war, terror attacks, any type of unrest, natural catastrophes and incidents involving atomic, biological or chemical substances.
- The following events and their consequences are not insured: epidemics and pandemics, except as expressly covered under section II A: Cancellation costs.
- The consequences of events associated with official instructions, e.g. airport/airspace closures, roadblocks, quarantine measures (except as expressly covered under section II A: Cancellation costs), police measures, decrees etc., are not insured.
- Under the component **Cancellation costs** there is no insurance cover in particular for "poor healing", etc. i.e. for illnesses or the consequences of an accident, an operation or medical treatment that have already occurred at the time of booking the travel packages or when taking out cover and which have not yet healed on the date of travel. The same applies to cancellation by a travel company, or official instructions (except as expressly covered under section II A: Cancellation costs), or illness/injury that is not confirmed medically at the time of the occurrence or psychological reactions to potential dangers, such as fears of civil unrest, terrorism, natural disasters, or fear of flying.

Which obligations are incumbent on the policyholder and insured persons?

The following list contains only the main obligations. Other obligations are set out in the General terms and conditions of insurance and the ICA:

- For **Cancellation costs** the booking must be cancelled promptly at the travel company on occurrence of the insured event. The claim must then be issued to Allianz Travel in writing and including the necessary documents (see GTC section II A 6 and section I 10 for contact address).
- In any event, the insured person is obliged to do everything to mitigate the loss and help resolve the claim; for losses caused by injury or illness, the insured person must ensure that the attending doctors are made exempt from their duty of confidentiality vis-à-vis Allianz Travel.
- If the person with the right to claim violates his/her obligations, Allianz Travel can refuse or reduce its benefits.

How much is the premium?

The amount of the premium depends on the risks insured and stipulated level of cover. The amount of the premium is defined with the application and results from the insurance policy.

When does the insurance begin and end?

The beginning and end of the insurance are defined in the application and detailed in the insurance policy.

How does Allianz Travel treat data?

When processing personal data essential to the transaction of insurance business, Allianz Travel observes the Swiss Data Protection Act (FADP). If necessary, Allianz Travel will use the claims form to obtain the necessary approval from the insured person to process the data.

The personal data processed by Allianz Travel includes data relating to the conclusion of the contract and the policy/claims handling. The information processed mainly comprises the policyholder's or insured person's details from the insurance application and the claims statement. In the interests of all policyholders, data may also be exchanged with previous insurers and reinsurers within and outside Switzerland. Allianz Travel also processes personal data in connection with product enhancements as well as for its own marketing purposes.

In order to offer value-for-money comprehensive insurance cover, some of the benefits offered by Allianz Travel are provided by legally independent companies both domestically and abroad. These may be Allianz Group companies or cooperation partners. For the purposes of fulfilling its contractual obligations, Allianz Travel must exchange data both within and outside the group.

Allianz Travel stores data electronically or physically in compliance with the legal provisions.

Persons whose data is processed by Allianz Travel have the right, in accordance with the Data Protection Act (DPA), to ask what data concerning them Allianz Travel actually processes; they may also request the rectification of incorrect data.

If official instructions render the planned completion of the booked journey impossible, except as expressly covered under section II A 4.3.
